

## The Richmond Adjustable Window Is Being Demonstrated ONLY at Room 502, Times-Dispatch Bldg.

The above is a reproduction of an actual photograph showing three of the many possible positions of the Richmond Adjustable Window. By these automatic adjustable positions

The world-wide problem of ventilation has been solved;  
Direct drafts have been entirely eliminated;  
The complete and effective screening of windows has been made possible;  
The washing and cleaning have been brought to a maximum of perfection without danger or inconvenience.

The position of the windows at the left of the photograph shows the adjustment producing the ideal diffused and deflected ventilation. The position of the center windows shows the adjustment for full and open 100 per cent ventilation, and also the adjustment for shading—(NOTE THAT THE ENTIRE WINDOW IS INSIDE THE ROOM, SO THAT IN FACT "THE OUTSIDE IS WASHED INSIDE"). The position of the windows at the right of the photograph shows full and deflected ventilation.

M. J. SUMMERFIELD, Fiscal Agent.

# An UNUSUAL Investment--- The investment offered by the NATIONAL ADJUSTABLE WINDOW CORPORATION

is UNUSUAL, insofar that the public seldom has the opportunity of sharing in a proposition, which as in this case, has POSITIVE ASSURANCE of large and profitable returns. The fact is obvious to the merest layman—after seeing a demonstration—that it is an INVESTMENT OF HUNDREDS WITH RETURNS AS OF THOUSANDS.

The NATIONAL ADJUSTABLE WINDOW CORPORATION is organized to manufacture, exploit and to sell "THE PATENTED STEEL STILE," an attachment applicable to the ordinary window sash, and which, when applied, makes possible various automatic adjustments that greatly increase the efficiency of the ordinary window. By this attachment "THE RICHMOND ADJUSTABLE WINDOW" is formed. The possibilities of sale of "The Patented Steel Stile" are practically unlimited and the profits are large. It will only be a short while before every well-constructed building will have it installed, which means an ultimate output running into the millions.

An extensive plant for the manufacture of the "STILES" is situated in South Richmond and is NOW IN OPERATION. The machinery is modern, and in many instances especially designed for the purposes intended.

DEMONSTRATIONS starting to-day (Wednesday), February 12th. The Richmond Adjustable Window has been installed in the Times-Dispatch Building, in which

The opportunities offered by this investment are such that there is no doubt of the stock set apart for public sale being oversubscribed. It behooves you, therefore, TO ACT AT ONCE. FILL IN AND MAIL THE COUPON ATTACHED TO-DAY. These reservations will be made in rotation as received. IF, AFTER WITNESSING A DEMONSTRATION YOU ARE NOT SATISFIED IN YOUR OWN MIND THAT THE INVESTMENT IS UNUSUALLY SAFE AND PROFITABLE, YOU HAVE THE PRIVILEGE OF CANCELLING YOUR RESERVATION. The use of the coupon does not bind you to the purchase of stock—it merely serves as a reservation in your name of the desired amount.

BOOKS WILL BE OPENED AND STOCK APPORTIONED BEGINNING MONDAY, FEBRUARY 17th.

## COMMITTEE VOTES AGAINST MEASURE

Would Prohibit Manufacture and Sale of Cigarettes in North Carolina.

## NEW RAILROAD PROJECTED

Bill to Incorporate Company Introduced in General Assembly.

[Special to The Times-Dispatch.] Raleigh, N. C., February 11.—Representative Clark's bill to prevent the manufacture and sale of cigarettes in North Carolina received its death blow at the hands of the House Committee on Public Health, after that committee had been stormed with protests from the tobacco interests of the State.

Representative Tillett introduced in the House to-day a bill to incorporate the South Mills, Portsmouth and Elizabeth City Railroad Company, to construct and operate a road from Elizabeth City via South Mills to Portsmouth, a distance of about fifty miles. The capital stock for the North Carolina portion of the road is \$100,000, and the company is to operate either a trolley or steam line. Well-known business men of Portsmouth and South Mills are the principal incorporators. They include E. Anthony, J. P. Pace, H. A. Shannon, P. C. Harrahan, O. L. Williams, G. F. Riggs and others.

The House discussed for quite a while the bill to allow the citizens of Jackson County to vote next May on the question of moving the county seat from Webster to Sylva, with the result that it passed second reading by a vote of 75 to 26. Being a roll call measure it had to go over for the final reading.

The Senate passed the joint resolution from the House for a commission to investigate county officers as to failure to return inheritance and Schedule B and C taxes the past two years.

The Weaver bill for the protection of municipally owned watersheds from fire by requiring property owners who cut timber within 400 yards of such watersheds to remove or destroy all residue from cuttings passed the Senate.

Bryant introduced a bill for a reformatory for women.

The House Committee on Agriculture, with the Senate committee in attendance, decided to report favorably the bill making it a misdemeanor for a cotton buyer to deduct anything up to thirty pounds for the weight of the baling.

The limit is now twenty-one pounds. The object of the measure is to equalize things between the exporter and the Liverpool buyer, who has always been deducting thirty pounds, regardless of the actual weight of the baling.

The committee was bitterly opposed to the bill, saying it means a loss of about \$1 a bale to them, represented by the nine additional pounds allowed for jute baling, and they estimate that this will amount to about \$800,000 a year to the entire industry in North Carolina.

The committee will also report favorably the bills for the manufacture of hog cholera serum and diphtheria serum at cost.

The Senate Committee on Public Health considered Senator Bellamy's bill to consolidate the health departments of Wilmington and the County of New Hanover, but postponed definite action on it, likewise a bill to prevent infant blindness.

Representative Gordon's bill, requiring applicants for license to practice medicine to furnish evidence of an academic education equivalent to the requirements for entrance to the University of North Carolina, in addition to the present requirements, was acted upon favorably. The bill exempts those who have already entered upon the study of medicine.

The several bills of Senator Evans, of Bladen, providing for sanitary inspection and conduct of hotels, restaurants, railroad coaches and railroad stations, will be reported favorably, as also will the House bill enabling counties to establish and maintain public hospitals by bond issues and special tax and maintain training schools for nurses.

The Senate Judiciary Committee, No. 1, turned down Senator Peterson's commission government bill on the ground that it did not provide an adequate method of taxation. It is understood, however, that the committee will report some bill providing for a commission form of government for

municipalities, to be adopted by them at will. One is to be submitted shortly from Raleigh, and another is being drawn in Charlotte. The committee put its veto upon the measure authorizing the Governor to appoint women as notaries public. Representative Weatherston's bill, providing for rural policemen in Scotland County, something new in this State, will be reported favorably.

## SNED DECLINES CALL. Will Not Give Up Lynchburg Work to Lynchburg Va., February 11.—H. C. Sned, for two years secretary of the Lynchburg Y. M. C. A., to-day declined the call to the general secretaryship of the Houston, Texas, Association. It was feared he would accept the call after making a visit to Houston last week.

At the time Mr. Sned accepted the association work here in February, 1912, he was a telegraph operator. The association was then housed in an inadequate building, but about ten years ago he launched a campaign for a summer athletic ground. This was equipped at a cost of \$25,000. This addition to the purchase price of \$6,000, was used last summer with splendid results.

## GOES TO JAIL IN DEFAULT OF BOND

Stafford County Man Charged With Assaulting Rural Mail Carrier.

[Special to The Times-Dispatch.] Fredericksburg, Va., February 11.—Arthur Curtis, of Stafford County, was brought here before United States Commissioner Charles D. Foster, charged with assaulting S. L. Powell, a rural mail carrier. He was allowed \$500 bail for his appearance, and in default of bond was taken to Alexandria Jail at the United States Marshal Schoenfeld's residence.

Miss Vivian Conway, of this city, delivered a night before the security and student body of the Fredericksburg State Normal School a lecture, her subject being "Constantinople."

The lecture was delivered in Russell Hall at the school and was attended by a large number of the faculty and student body of the school, a large number of citizens of Fredericksburg were present.

W. W. Covey, of this city, has been appointed agent of the Adams Express Company here, succeeding Stuart Wamsley, who has been transferred as agent of the company at Hinton, W. Va.

The only child, son of Mr. and Mrs. George Collins, of Madison County, was burned to death a few days ago. The child had been left alone in a room where there was a wood-burning stove. As soon as it was discovered, the mother rushed to the room and rescued the child, which, however, was so badly burned that it died in a short time. The house was destroyed. Mrs. Collins was severely burned, but will recover.

The residence of W. W. Seay, in Spotsylvania County, was burned yesterday, caused by a spark on the roof. But little of the contents were saved. There was a partial insurance.

William W. Field, an attorney of Madison County, and a son of the late General James G. Field, has announced his candidacy for the Democratic nomination for the House of Delegates from the legislative district composed of the counties of Madison and Greene.

The large barn in Madison County belonging to Charles Durrer was burned a few nights ago, and three horses, eleven head of cattle, nine sheep and four hogs were consumed in the flames. The loss is \$3,000, with a small insurance.

**SLOWLY BLEEDING TO DEATH.** Prominent Resident of Elizabeth City Ruptured Blood Vessel. [Special to The Times-Dispatch.] Elizabeth City, N. C., February 11.—Charles Overman, one of Elizabeth City's prominent citizens, is in a critical condition at his home in Church Street. He is slowly bleeding to death, unless the physicians attending can succeed in closing the ruptured blood vessel.

Last Tuesday night, Mr. Overman, in apparently good health, was seized by a spell of violent coughing, during which time he ruptured a blood vessel in his head. Hemorrhages immediately followed from the mouth and nose, and have continued until Mr. Overman, who was a strong man, has become so weak that he cannot lift his head from the pillow.

## TURKS MAY APPEAL TO POWERS AGAIN

Porte Taking Steps to Resume Peace Negotiations With Allies.

## FAIL TO RAISE SMALL LOAN

Apparently Hopeless of Achieving Any Success in an Offensive Movement.

London, February 11.—It is becoming increasingly evident that Turkey is taking steps to resume the peace negotiations with the Balkan allies, although it is possible that no direct action will be taken until some decisive result in the fighting in the Gallipoli peninsula has been achieved. It is understood that Tewfik Pasha, the Turkish ambassador, has had several interviews with the British Foreign Secretary recently, and that Reschad, head of the first peace delegation, has been ordered to remain in London.

Another effort on the part of the Porte to raise a small loan in Paris has failed, owing to the refusal of the French government to open the Paris market.

Official accounts of the fighting issued at Sofia and Constantinople are very conflicting, but it seems to be certain that the Turkish arms have again met serious reverses, although Adrianople and Scutari still are holding out.

The hopelessness of achieving any success in an offensive movement, combined with a lack of money, appears to have decided the Porte again to appeal to the powers to intervene in favor of peace, and this probably has been the subject of Tewfik Pasha's communications with Sir Edward Grey. It is reported that this matter was discussed at a meeting of the ambassadors at the foreign office to-day, but that it was decided that the powers would be unable to undertake the role because the allies had declared that in the future they would negotiate peace only on the battlefield.

**Turks Suffer Heavy Losses.** Sofia, Bulgaria, February 11.—The

## Finicky Appetites Put in Order

You Can Sit Right Down and Eat Anything Served if You Get Acquainted With Stuart's Dyspepsia Tablets.

With a most pathetic sigh the dyspeptic sits down and "views with envy" his hungry companions. Now, the best doctrine for most people to hand out to suffering stomachs is to couple a square meal with Stuart's Dyspepsia Tablets. To sit down to a good meal and eat whatever is served is getting back to the good old days when grand-dad carved the roast; when the family made a clean-up; and when good appetites with sound digestion produced the men and women that have made our nation what it is.

Stuart's Dyspepsia Tablets are the dyspeptic's hope. They are a natural restorative of healthy action to the stomach and small intestine, because they supply the elements that the weak stomach lacks—pepsin, golden seal and other digestives.

If you are afflicted with any symptoms of stomach trouble, be assured that your digestive organs are losing power,—they need help and there is no more sensible help to be given them than to supply elements which will do the work of digestion for them.

Stuart's Dyspepsia Tablets have been found by test to have digestive powers, one grain of the active principle of these tablets being sufficient to digest 3,000 grains of ordinary food. It is plain that no matter what the condition of your stomach, or how far your disease has progressed, one of Stuart's Dyspepsia Tablets taken at meal-time will do the work—give your stomach an opportunity to regain its lost powers, the muscles will be strengthened, the glands invigorated, and you will be a new man.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents a box.—Advertisement.

## TURKISH ARMY IN THE PENINSULA OF GALIPEL

Constantinople, February 11.—The Ironclad Turkish battleship Assa-1-Tewfik is ashore at Karaburun on the Black Sea. Her condition is considered almost hopeless. The Bulgarians hid the ship in a strait and are firing on the salvage steamer.

## SHIRINERS BUY PROPERTY.

Desirable Site for Proposed New Temple Building.

[Special to The Times-Dispatch.] Norfolk, Va., February 11.—Khedive Temple, Mystic Shrine, has authorized the purchase of a site for its proposed new temple building at the corner of Dunmore Place and the Smith's Creek Mowbray Arch, and immediately in the rear of the Borough Club. The temple already has something like \$10,000 or \$12,000 subscribed for its new building, and it may be erected at an early date. The investment is regarded as good, even though the temple should not be erected there in the end. The price was around \$5,000.

## BOY'S TESTIMONY ACQUITS FATHER

Lad Sticks to Story That He Killed Nicola Battiglieri and His Wife.

[Special to The Times-Dispatch.] Norfolk, Va., February 11.—After being out fifteen minutes, the jury of the Norfolk County Circuit Court this afternoon acquitted Henry Battiglieri of the murder of his father and his wife. The testimony of the boy, who was twelve years old, was sufficient to acquit him.

Sticking to the story he told on the night of the tragedy, Rudolph Battiglieri, the eleven-year-old son of Henry Battiglieri, told the jury that he fired the shot that killed his father, Nicola Battiglieri, and his wife, Maria Battiglieri, on August 14, for which his father was on trial.

**Amherst Court Convened.** [Special to The Times-Dispatch.] Amherst, Va., February 11.—Judge Bennett T. Gordon yesterday morning convened the February term of the Amherst Circuit Court. Not a very large crowd of people attended. This is probably due to the fact that the roads are rough and frozen, and for people to reason that no civil cases are to be tried at this time. The grand jury was busy until the middle of the day and returned several indictments.

Judge Clarence J. Campbell is critically ill at his home near Amherst. It is feared that he will have to go to a hospital for treatment.

**A. B. STUART PARALYZED.** Attack Comes While He Is Patient in Roanoke Hospital.

[Special to The Times-Dispatch.] Wytheville, Va., February 11.—A. B. Stuart, half-brother of Henry C. Stuart, and brother-in-law of Judge A. A. Campbell, was paralyzed at the hospital in Roanoke this morning. Mr. Stuart was brought to the hospital several years ago, and had gone to Roanoke for treatment. Judge Campbell went to Roanoke this morning in response to the message announcing Mr. Stuart's illness.

**MALICIOUS SLANDER CHARGED.** Editor of a Negro Journal in Norfolk Arrested.

Norfolk, Va., February 11.—P. B. Young, editor of the Norfolk Lodge Journal and Guide, a colored publication, was this afternoon arrested upon a warrant charging malicious slander. The charge was brought by William H. Thoroughgood, who alleges slander in that the defendant published an article in the journal in which he was attacked by Rev. Charles S. Harris, colored, connecting him with the Queen Street paving for the benefit of certain saloon interests.

A warrant was also sworn out by Thoroughgood for Dr. Morris, but the latter was out of the city to-day. Young was bailed for his appearance in the Police Court to-morrow.

## WEBB BILL AGAIN PASSED BY HOUSE

Removes Parliamentary Obstruction, Which Threatened to Delay Final Action.

Washington, February 11.—By a viva voce vote the House late to-day repassed the Webb bill to prohibit the shipment of intoxicating liquors into "dry" States as it passed the Senate yesterday, and thereby removed a parliamentary obstruction which threatened to delay its final passage until another session of Congress.

Although the parliamentary experts had thought earlier in the day that a special rule would be required to get the bill before the House again, Representative Clayton, of Alabama, called the measure up under a rule permitting the House to consider without reference to a committee any bill passed by the Senate which is substantially the same as one that has been reported by a House committee.

Republican Leader Mann and Representative Fitzgerald made a point of order against the bill, contending it did not come within the rule, because it was not on a House calendar, had a Senate number instead of a House number and was not substantially the same as the Webb bill as originally introduced.

Speaker Clark overruled the points of order, and the bill was passed without debate or division.

## SCHOOL BUILDING BURNED.

Accidental Fire Destroys Structure at Martinsville, Va., February 11.—The public school building at Ridgeway, this county, was entirely destroyed by fire at an early hour last night. The fire is supposed to have been accidental. The building, a two-story frame structure, contained several rooms, and was valued at about \$2,500, with insurance of \$1,000. The school will be conducted in temporary quarters until a new building can be erected.

## Children Cry FOR FLETCHER'S CASTORIA

Invitations Issued. [Special to The Times-Dispatch.] Fredericksburg, Va., February 11.—Cards have been received here for the marriage of Francis Lloyd Eubank, formerly of Essex County, and Miss Flora Elizabeth Gerwig, daughter of Mr. and Mrs. Edward Christian Gerwig, of Parkersburg, W. Va., the ceremony to take place at the home of the bride Thursday evening, February 27, at 6:30 o'clock. The couple will make their home at Parkersburg.

## A Blessing to Poor, Overworked, Rundown Constitutions

A thousand Ladies in Richmond are to-day looking for something to RELIEVE THAT TIRED, WEAK, WORN-OUT (hardly able to drag around) FEELING—suffering pain in small of back, hips, side and under shoulders, very poor appetite, stomach bloated at times, dull headaches, constipated, feels like she would like to get away from every thing and everybody, a heaviness after eating, sometimes the feet and hands badly swollen.

## A HAPPY THOUGHT Tripp's Brown Bitters

I will try a 50-cent bottle, and if it fails to do me good MY MONEY COMES RIGHT BACK. If my druggist cannot supply,

## THE NATIONAL REMEDY CO.,

603 East Main Street, Can, and will, if I phone Madison 371. I will.

Richmond, Va., Dec. 17, 1912.

National Remedy Co., Richmond, Va.

Gentlemen,—I have suffered almost two years with a pain in my back between my shoulders and over my kidneys; also with indigestion and constipation. I have suffered so badly at times that I could scarcely get around the house. I have been treated by two good physicians, but got very little relief. A friend advised me to try Tripp's Brown Bitters. I have only taken one 50-cent bottle. The misery has left between my shoulders, my indigestion is very much improved, and my back does not pain me as it did before I began the treatment. I feel very much improved, and I believe the remedy will do me a great deal of good.

MRS. R. K. EVANS, 1409 Taylor Street.

## Light Your Kitchen with a Rayo Bracket Lamp

Sometimes in the kitchen or elsewhere you need a lamp held high, where it will light the whole room, and be out of the reach of children. The Rayo Bracket Lamp is made for exactly this purpose. It is one of the famous Rayo Family—the best kerosene lamps made. A clear, white light, steady, diffused. A strong, substantial bracket, easily affixed to the wall. The lamp is inexpensive. Economical. Lighted without removing chimney or shade. Rayo Lamps are made in various styles and for all purposes.
